FRT Upgrade and Expansion Campaign:

Project spot light— Because of your generosity, the work to rebuild the FRT will move forward in 2024. We have donations coming from several different sources so work will be scheduled according to the funding plan.

Brown County Parks and Friends FRT will do our best to keep users informed when work is being done. BC Parks will also try to develop detours when work is in progress. But this might not always be possible. Please be patient in 2024 and 2025 as the work is completed.
