Upgrade and Expansion Campaign:

Project spot light— The new trailhead is taking shape at Midway Road. The new parking area is compacted with gravel and the foundation for a prairie bed is being laid this fall. In 2024 the kiosk and porta potty will be moved from the north side of the road to the new area. When that section of trail is paved, the parking area will be paved too. This might not happen until 2025.

This improvement was possible because of your generosity and a matching grant from the Friends of WI State Parks, Knowles-Nelson Stewardship fund. Thank you!!

Brown County Parks and Friends FRT will do our best to keep users informed when work is being done. BC Parks will also try to develop detours when work is in progress. But this might not always be possible. Please be patient in 2024 and 2025 as the work is completed.
