Adopt a Trail:

Friends FRT has adopted a section of the Fox River Trail from Heritage to Rockland Road. It is .86 miles.

We are expected to do a clean-up along the sides of the trail 2 times a year. We can also do it on a continuous basis if members pick up every time you are in the area. Brown County Parks tracks volunteer hours so please send Friends FRT an email with any hours you work on your own in the area.

We will also partner with Brown County Parks and do invasive species removal. Dates for this TBA

Capitol Campaign Matching Donation:

$\$1 + 1 = \2

Thank you for May contributions:

We had a double your contribution promotion for May 2024. Thank you to all who participated.

Mark Ernst Celebration:

Thank you to all who attended the celebration of Mark Ernst and made contributions his memory. Mark, as Vice-President of the Friends of the Fox River Trail, enthusiastically promoted and supported the trail. Donations in memory of Mark can be made at [our website](#).

Parking Lot on Midway Road soon to open:

Construction of the new Midway Road parking lot is near completion. It is located near the 10.3 mile marker as the trail intercepts Midway Road. This project is funded by the FFRT capital fund and a grant from the Wisconsin DNR.

Next meeting:

Thursday July 25, 2024

6:00 pm

Somedays Farms, Hwy 57, De Pere
