Rally for Spring Was a Success

What a night! Our February 12th event was a fantastic success, and it wouldn't have been possible without the incredible hospitality of our hosts at **Cycling Brews**. A big thank you to Brenda, Josh and Steve and Birrieria Xolo Tijuana food truck. We are looking forward to doing it again in 2027!

"From Rails to Trails" Thursday, April 9, Mulva Cultural Center 6:30pm

The Friends of the Fox River Trail cordially invite you to the free showing of the PBS documentary "From Rails to Trails." The film shares the story of the 60-year effort to convert abandoned railroad right-of-way into trails for cycling and walking. This legislative success story resulted in the development of our beloved Fox River Trail. Following the documentary, a panel discussion will take place with local advocates, elected officials, and municipal staff members who were instrumental in making the Fox River Trail a reality in 2001.

Interested in joining us? Tickets are free, but you must register. Seating is limited, so register now. [Mulva Cultural Center tickets - From Rails to Trails](#)
